Good morning,

I write to update you on the City's Risk-Based Air Sampling Study Plan. While we were unable to finalize this plan by this week, as previously anticipated, we expect to submit the Plan to EPA later this month. We have selected our nine schools for further study:

- P.S. 161M
- J.H.S. 296-562K
- P.S. 145M
- P.S. 198M
- P.S. 41X
- P.S. 83M
- P.S. 163Q
- P.S. 181Q
- P.S. 321K

The first four schools on this list were previously identified as being similar to P.S. 199M. The remaining five schools were chosen based on the criteria set forth in EPA's Final Preferred Remedy and incorporated into the City's proposed Citywide PCB Management Plan.

Please feel free to contact me with any questions that you may have.

Thank you,  
Amy
